

Anthem The Newsletter of the Anthem Homeowners Association Express

Fall 2010

Tips for a Fall Facelift

Now that it's cooler, take some time touch up your single family home and property. Here are some things you can do to freshen things up.

1. **Paint or replace your mailbox.** Use black satin spray paint or replace it with a new one, in the same style and color.
2. **Paint your front door and shutters,** or hire someone to paint them. Porter Paints on Monroe Rd at Commonwealth has the Anthem original colors. If you want to change colors, it's best to submit an ARC request for board approval first.
3. **Aerate and seed your yard.** Now's the time to prepare your yard for next spring! Rent an aerator from Home Depot with some of your neighbors to split the cost.

Let's keep Anthem looking young!

ARC (Architectural Review Committee) Requests

Please submit requests for fences, major plantings, decks, and all other improvements to the exterior of your home or property to the HOA board. This will ensure that your plan complies with the covenants. Better to do it right the first time! Visit <http://anthemhoa.net> for forms and contact info.

BE KIND - PICK UP BEHIND... your dog!
Bag it and bring it home to your trash bin.

**Got garbage too big for
your trash bin?**

Simply dial 3-1-1 & press #4. The city will make an appt to pick it up!

**Pool closed
Oct. 1st-April 30th**
